Paul Suchodolski*	253	4	63		
Adam Harper	0	0	0		

\* Indicates that an archer classified as Senior (50+) was shooting a longer distance than required for their age category. For tournament purposes all archers were grouped together for the awards (Senior and Senior 50+), however for classification purposes these archers should be classed as Senior (50+).

R Indicates that (subject to confirmation from the County Records Officer) a county record was achieved. Subject to confirmation, 8 county records were achieved.

Medals were awarded where archers competed in the appropriate round for their age category.

There were 96 archers registered for the tournament, with 6 either withdrawing prior to the tournament or on the day.

The weather on the day was bright, and although a storm was forecast, this did not appear and as the day progressed the temperature continued to rise.

Thanks to all archers, judges, field party and members of Silver Arrow Archery Club for their support and enthusiasm during day.
